

Transport Motobike & Equipment 2022/2023

1. Norway / Sweden

Here we will stow everything neatly and secure it. The race bike and your equipment will be unloaded at BioSan Bike Hotel and properly stored in one of our long-term parking areas in our hall.

2. Denmark / Germany

Please load this yourself. This means that you will be provided with a transport box for an appointment. We have given the dimensions separately below. The listed equipment should also fit in there. We have often packed it ourselves and know that it fits. This box will be stored closed at our BikeHotel in the hall until you come to Spain and unload your transport box yourself.

Information: Transportbox: 2.40 x 0.90 x 1.27 m

Here your list what you have included, it makes no difference whether in a Transportbox or via BioSan-Truck:

- 1 Motorcycle (empty motorcycle for petrol and disconnect battery) **A must**
(Possibly empty the cooler of water, depending on how cold it gets) **Your choice**
- Safety equipment such as suit, helmet, gloves and boots, etc. Perfect in a Bag! (sign it on a Sticker with your Fullname)
- 2 Motorcycle Stands/Lifters, NO Central-stand (sign it on a Sticker with your Fullname)
